The Spirit of entrepreneurship...

Production since 1973

Hjort Knudsen was established 1973 by Ina and Arne Hjort Knudsen and for 24 years expanded its product range within the Danish border with 22 people employed.

In 1997 the 2nd generation, Ellen and Klaus Hjort Knudsen, took over and from there on developed the company into an international direction.

The experience of the small entrepreneurial company is incorporated strongly into the core values of the large company.
